PLAN COMMISSION

MEETING DATE: 10/28/2019

Case Number & Name:	PC 2019-16: 15 South Tompkins Street Rezone			
Petitioner's Name:	Blue River Counseling Associates INC			
Owner's Name:	Blue River Counseling Associates INC			
Petitioner's Representative:	Bruce Everhart			
Address of Property:	15 S Tompkins Street, Shelbyville, Indiana			
Subject Property Zoning Classification:	Current: BC – Business General Proposed: R1 – Single Family Residential			
Comprehensive Future Land use:	Single Family Residential			
	North	East	South	West
Surrounding Properties' Zoning Classifications:	BG – Business General	BC – Business Central	BG – Business General	BG – Business General
Surrounding Properties' Comprehensive Future Land Use	Single Family Medium Density Residential	Business Central	Single Family Medium Density Residential	Single Family Medium Density Residential
History:	The petitioner for this project is proposing to convert a single family residential property previously used as a business back into a single family residential property. This is in alignment with the goals of the Comprehensive Plan to return homes near the downtown to residential.			
Vicinity Map:				
Action Requested:	A formal request to rezone a Business General (BG) property into Single Family Residential (R1).			

1. This project involves rezoning the property at 15 S Tompkins Street from BG – Business General to R1 – Single Family Residential. The petitioner has a pending offer to sell the property for a single family residence.
2. The Unified Development Ordinance (Section 9.10 (K)) requires the Plan Commission pay reasonable regard to the following decision criteria:

a. Relation to the Comprehensive Plan:

The planning staff has determined that the proposed zoning classification of R1 – Single Family Residential is generally consistent with the City’s Comprehensive Plan due to Built Environment Objective #3 in Chapter 5, in the Comprehensive Plan: *Transform the City’s Current Housing Stock and Neighborhoods*.

b. Current Conditions:

Properties close to downtown have seen a renewed interest in returning them to single family residences. They are currently being used for a variety of uses; some of the old homes have been converted into office space, some as retail space and others are being used as residential. The property at 15 S Tompkins Street has most recently been used as professional office space. The petitioner would like to return the property to its former residential use. The planning staff feels that the proposed rezoning would not have an adverse impact on the character of the surrounding area, due to the fact that it is currently a healthy combination of commercial, residential, civic, and retail uses.

c. Desired Use:

The City’s Comprehensive Plan indicates that the central business district should stretch along Harrison Street and Washington Street and should be surrounded by residential at a variety of different densities. This would allow residential to support the activities/businesses in the central business district. The rezone of the property would support this goal.

d. Property Values:

The planning staff has determined that the proposed rezoning should not have any adverse impact on neighboring property values.

e. Responsible Growth:

The planning staff has determined that all public infrastructure is in place and has sufficient capacity for the proposed rezone

STAFF RECOMMENDATION: Favorable recommendation on the proposed rezoning from BG – Business General to R1 – Single Family Residential.

Rezone (Zoning Map Amendment): PC 2019-16: 15 South Tompkins Street Rezone
