We are homeowners in Berwick addition. We are writing to let you know that we are opposed to PC2021-01 petition to rezone 1451 W. McKay Road from two family residential to multi family residential.

We believe that the number of apartments planned would cause the area to become too congested.

We moved here in December thinking we were moving into a nice, quiet neighborhood and we would hate to see that change.

Sincerely,

Ronnie and Connie Roszell
1226 Oak Lane
